Parent/Guardian and Scout

Dear Parent/Guardian:

Your child is involved in the woodworking merit Badge at the pow wow and will have the opportunity to participate in supervised activities that involve the use and operation of various Hand and Power Tools and equipment.

Appropriate instruction in the safe operation of assigned tools, equipment, and procedures will be given that will include supervised scout performance testing on each item. Precautions are taken to prevent accidents, but a certain risk is involved due to the nature of the experience and learning environment.

Proper eye protection is required. We ask your support in discussing with your child the necessity to observe safety policies that have been established.

Thank you for your assistance.

Mr. Thad Johnson, Instructor

I have read this communication, and understand the type of program in which my child is enrolled and its inherent risk. I give permission for my child to be enrolled in this program and will discuss the safety aspects of the program with my child.
